

**But For Me I Will Wait on Jehovah (Micah 7:7-8)**

B (G capo 4)

          G          C          G - C  
But for me I will wait on Jehovah,  
          G          C          D  
I will look for the God of my strength.  
          D          C          G          C  
In the darkness Jehovah will shine like a light,  
          G          D          G  
Let my enemies no more rejoice.  
          C                          G  
For I fall but then I will rise up!  
          C                          D  
Praise the Lord who's the strength of my heart.  
          G          C          G          C  
So for me I will wait on the Lord Jesus Christ  
          G          D          G - C - G  
And in Christ I will rise up again.
